

HP Designjet 4000 and 4000ps Printer

High-speed color and black and white printing with remote printer management for medium to large CAD/GIS departments.

Product pointers

- Double the print capacity of your large-format inkjet printer¹ and dramatically reduce response times. With HP Double Swath technology, get two D size in color and black and white in less than one minute and up to 100 D size per hour.
- Get outstanding lines and images with HP patented inks and professional color and printhead technologies. Print lines with up to 0.1 percent accuracy for sharp, professional-quality images with up to 2400 × 1200 dpi. Supports media up to 42-inches wide.
- HP Smart printing technology (using genuine HP supplies ensures availability of all HP printing features) optimizes print quality and reliability and enables HP Embedded Web Server to remotely monitor printer, ink and media usage. HP Web Jetadmin plug-in gives a single support tool to install, configure, monitor and troubleshoot.
- Count on the proven reliability of HP Designjet printers and supplies. Minimize support cost and maximize uptime with support options, customer forums, real-time firmware upgrades, driver updates, extended warranty and post-warranty service options.

¹ Compared to any HP Designjet 600/700/800/1000 series printer.
