

HP Designjet 4500, 4500ps and 4500mfp Printer

The color production system with large input and output capacity for technical applications.

Product pointers

- This designjet enables unattended color production for improved productivity and lower costs. By combining large media input and output options with large ink cartridges, this printer significantly reduces the need for user intervention.
- Get outstanding lines and images with HP patented inks and HP professional color and printhead technologies. Print lines with up to 0.1 percent accuracy for sharp, professional-quality images with up to 2400 × 1200 dpi. Supports media up to 42-inches wide.
- Double the print capacity of your large-format inkjet printer and dramatically reduce response times. With HP Double Swath technology, get two A1/D size in color and black and white in less than one minute and up to 100 A1/D size per hour.
